Mr. Rosenberg explained that subsequent to the meeting last week at which time this ordinance was scheduled for a second reading and public hearing Mr. Volpe who had some concerns with some language in the ordinance, met with Dr. Ference, chairman of the Planning Board. As a result of that meeting agreement was reached that the rear yard setback shall be changed from 25% to 30% and it was concurred that this is not a substantive change requiring re-advertisement, etc.

Ordinance No. 13-02 – Amendments to Land Use Ordinance – Continuation of Public Hearing – cont'd.

A motion was then offered by Mr. Rosenberg, seconded by Mr. Chval and unanimously carried to amend the proposed limiting schedule to read “in no case shall the minimum required setback exceed the lesser of 50’ or 30% of the lot dimension perpendicular to the rear lot line.”

The meeting was then reopened to the public hearing on Ordinance No. 13-02.

Ms. B. Colonna, West View Terrace asked if this ordinance was replacing two chapters and was a full copy of the ordinance available.

Mr. Scandariato responded that it was easier to delete and replace these two chapters.

Ms. Colonna then asked what the changes were.

Mr. Rosenberg responded that in re-visiting the current Master Plan changes were recommended to bring the Land Use Ordinance into compliance with the Master Plan.

Ms. Colonna asked if there were new zones.

Mr. Rosenberg responded there is a new residential zone and referred to Mr. Hakim’s recent memo regarding existing lots.

Mr. Rosenberg suggested that the Planning Board could address the maximum front yard setback at their upcoming March meeting.

On voice vote all members voted in the affirmative. Declared carried.

Presentation by Mr. Neil Rubenstein, Tax Assessor

Mrs. Groh expressed her concern for the need of a re-evaluation of the Borough or a re-assessment, particularly in regard to the required funds the Borough sends to the regional high school.

Mayor DeRienzo noted the primary concern is the Borough sends the least number of students to the school at a higher cost than other towns.

Mr. Rubenstein referred to a data sheet he distributed, explaining that if the Borough conducts a reassessment he did not think it would help with the school funding issue.

Mr. Rubenstein noted the Borough's ratio has been climbing and he felt that a reevaluation or a reassessment is not the answer to the school funding issue.

Mrs. Groh commented that realtors say taxes are too high in Haworth

Mr. Rubenstein said the Borough would have to do a reevaluation since it has been 10 years since the last reassessment, noting the cost would be between \$80,000. and \$90,000.

Mrs. Groh then questioned how many properties are assessed at the average assessment and how many residents would be affected by a reevaluation.

Mr. Rubenstein noted the bigger homes fall faster in a reevaluation.

Mayor DeRienzo commented the state formula for the school costs is the key and suggested the Real Estate Committee meet with Mr. Rubenstein for a report at the second meeting in April as there is the need for more information.

Mrs. Groh asked how long it would take to prepare for a reevaluation.

Mr. Rubenstein replied a couple of months.

Discussion was held regarding the need for more information, what kind of effect would there be with a reevaluation and would there be a major change.
